Professor Morse assigned as his reason for resigning the fact that the trustees did not favor enough "unity in the departments." It is said, however, that Professor Morse will state in a separate letter to the trustees facts that involve a breach in the spirit of a contract, if not in its wording. This is considered by many of the prominent alumni to be a more or less personal matter between Professor Morse and President Gates, who is the chairman of the instruction Committee of the trustees, and who seems to have favored a policy in opposition to Professor Morse's. It is probable that at the various class reunions of the alumni resolutions will be drawn up to the trustees expressing the opinions of the classes. The senior class voted yesterday to draw up a resolution to the trustees recounting the history of the president's actions for the four years of the class course.

SUSPECTED OF ROBBING THE PELHAM MANOR

Detectives Higgins and Bennett, of the Elizabethst. station, arrested two young colored men on Sat-urday night, who, they believe, will turn out to be

desperate characters. It is suspected that they robbed the Pelham Manor Railroad station. The prisoners described themselves as Louis Hayden, twenty-two years old, no home, and Charles Johnson, alias Taylor, of Rondout, N. Y., but recently of Long Branch, N. J.

Both men were arrested in a lodging-house at No. 10 Fell-st., early yesterday morning. They had in their possession twelve boxes of cigars and a small clock. When searched at the station Taylor was found to have tools which are often used by burglars. He also had a loaded revolver, a razor and a knife, together with a new pair of women's silk gloves.

BARON DE HIRSCH SCHOOL GRADUATES The lecture-room of the Baron de Hirsch Trade School, at No. 225 East Ninth-st., was crowded Saturday night with the relatives and friends of the thirty-nine young men graduates. It consisted of a view of a flathouse, showing its entire plumbing work, work in the sign-painting line, a display of lathes, drill and letter presses, and other creations of the machinist's skill, while the work of the youthful carpeniers was particularly interesting, showing everything in the wood-turning line, doors, mantels, bookcases, and finally a miniature cottage complete.

The exercises consisted of plano selections, an address to the young men by Meyer S. (a) White's development indicating the advance of the K P; Black should prevent it with 8... Ki—K 5.

(b) Black could have simplified the position with 9... P x B P; 10, B x P, Q K t—Q 2. If White now continues with 11. P—K 1, then 11. P x P; 12. Kt x P, Q—Kt sq. followed by R—Q sq and Ki—B, when the lattle would have to be fought out on the Queen's side. Other variations are easier for Black. In any case, however, 9. Q K t. 2—Q 2 was preferable.

(c) White has now free scope for his forces, of which the two Bishops form a serviceable contingent.

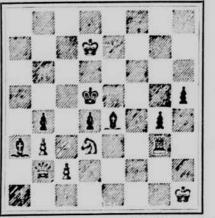

(d) 16. P x P offered the best chances for a draw.

(e) A useless move. 16. P x P was compulsory.

(f) If 22. P—Kt 3, then 23. R—Q 6, wins.

(g) The rest is plain sulling for White.

CAUCUSES IN ST. LAWRENCE.

THE TWO PRESENT ASSEMBLYMEN WILL BE RE-NOMINATED.

Gouverneur, N. Y., June 27.—The Republicans of St. Lawrence County caucussed yesterday. In the 1st Assembly District Ira C. Miles, of Edwards, will be renominated without opposition. In the IId District there was a sharp contest between the present member, M. V. B. Ives, of Potsdam, and R. A. Babcock, of Brasher Falls. The two were opponents two years ago, when Ives was first nominated. The towns of Louisville and Clare have not been heard from, but they will not change the result, as delegates for Ives are reported elected in nine towns, while Babcock so far has only carried five. Gouverneur, N. Y., June 27.-The Republicans of

The new assembly will be one of the largest in the K. of L. in this section of the country. have been organized into a powerful union by John

### THE PETROLEUM MARKET. The heavy production is telling on the price of petro

leum. There is increasing activity with the drill. The lower southwestern part of the oil country is assuming decided importance. In what is called the Big Gordon Sand, in West Virginia, a gusher has been opened which flowed at the rate of fifty barrels an hour. The output of the Elk Fork peol has run up to 2,300 barrels a day. Pipe-line returns for twenty-three days foreshadow an increase in stocks above ground this month of more than 400,000 barrels.

The partial returns of the pipe lines from June 1 to 23 (charters to the 24th) inclusive, are as follows: | Total bbls | Dully av. COMMERCIAL TRAVELLERS' LEAGUE, A meeting of the Commercial Travellers' Na-

tional League was held Saturday night at the Ashland House, Twenty-fourth-st, and Fourth-ave. The chair was taken by Percy E. Dowe, president of the League. W. W. Gibbs was selected to fill the vacant post of secretary of the league, and then the question of interchangeable mileage, to the furtherance of which the organization is pledged, was taken up. The convenience and desirability of the issuance of mileage books to commercial travellers by railway companies were referred to by several speakers. Ultimately it was decided to present petitions to the various Eastern traffic and passenger associations, urging them to grant five-thousand-mile tickets, to be interchangeable upon all lines controlled by the Eastern associations. Mr. Dowe also rave notice that in order to extend the League he would move at the next meeting that the number of directors be increased to thirty. tional League was held Saturday night at the Ash-
